

The Parelli *Professionals* Promise

Relationship First

I promise to put my relationship with you, the student, first. It is not about what I can do with my horse or your horse. And I promise to help you put the relationship with your horse first. It is not about perfecting the task or just getting it done. We will care more about confidence, trust, motivation and willingness ...as true horsemen do.

Foundation before Specialization – Teach in all Four Savvys

I promise to help you become well-rounded in your savvy both on the ground and riding; to prepare you for success at every level – to read your horse, understand his Horsenality and develop your savvy skills OnLine, at Liberty, in FreeStyle and Finesse. To help you achieve the simple stuff with excellence.

Never Ending Self-Improvement

I promise to inspire, empower and educate in your journey and to support your quest for never ending self-improvement. The Parelli Pathway and Savvy Club will guide you to success and help you measure your progress every step of the way.

Changing the world for horses and people who love them
